

LET'S REBUILD PITTSBURGH – TOGETHER

“Life’s most persistent and urgent question is,
‘What are you doing for others?’” - Rev. Dr.
Martin Luther King, Jr.

Since 1993, Rebuilding Together Pittsburgh (RTP) has rebuilt homes for low-income homeowners with an emphasis on seniors, veterans, and persons with disabilities. The lasting impact of our work is homeowners living safe and healthy lives in stabilized, revitalized neighborhoods. In partnership with dedicated sponsors and community organizations, we now complete more than 350 physical rehabilitation projects annually for homeowners throughout Allegheny County.

Partnering for a Stronger Community

Our operating model requires a deep-rooted network of stakeholders for our programs to exist and thrive. Through your support and collaboration, we are capable of providing and facilitating comprehensive care to low-income homeowners and their families.

How you can get involved:

- **Sponsorship** – From Community Workshops, small Emergency Repairs, and staff Service Holidays to rebuilding entire Homes and Neighborhoods, there’s a sponsorship option for every group! See next page for Sponsorship details, including opportunities for your team to volunteer.
- **General Donation** – Contribute toward our overall budget or specific programs and help make our vision come to life every day. Donate directly, or raise funds on our behalf by [creating your own fundraiser!](#)
- **Materials Donation** – Give back to RTP within your line of business. Are you able to connect us with PPE, hygiene, and cleaning supplies that will help us deliver our services safely and effectively? Construction services, materials, and tools are all welcomed. If you have other products or services that you’d think may be of benefit to RTP, please reach out and let us know!
